EXPERIENCE

Amazon Web Services ([AWS Professional Services](#))

National Security Cloud Engineer

Arlington, Virginia

May 2025 - Aug 2025

- Developed a full-stack AI assistant using 20+ AWS services, delivering sub-30ms latency for 100+ concurrent users
- Built a scalable RAG-based web platform with CDK and Python, tripling project KPIs and expanding scope by 200%+

ManTech ([Innovation & Capabilities Office](#))

Technical Engineer & Subject Matter Expert (II)

Herndon, Virginia

Mar 2024 – May 2025

- Developed a Python & GCP-based inventory app for an \$850M contract, cutting latency by 45% and boosting performance by 25%
- Oversaw Identity and Access Management and AD for 10,000+ users, ranked top performer for closing tickets in Q1 2025

CSFI ([CSFI US](#))

Cyber Threat Analyst

Washington, DC

Jan 2025 – May 2025

- Produced 10+ 20-page cyber threat intelligence reports supporting U.S. government, military, and partners, focused on APT groups.

Solvitur Systems ([Cloud, AI & ML](#))

Cybersecurity Intern

Leesburg, Virginia

Sep 2024 – Dec 2024

- Improved UI/UX of 20+ client-facing pages while conducting web penetration tests to align usability with security standards.

PROJECTS

Blue Sky Innovators ([Defense & Intelligence Tech](#))

Technical Engineer

Arlington, Virginia

September 2025 - Present

- Built an AI cybersecurity engineer as part of a 30+ person R&D team.

RCPS ([Rockingham County Public Schools](#))

Information Technology Specialist

Harrisonburg, Virginia

Aug 2025 – Present

- Supported a database migration for 11,500+ students across 23 schools at RCPS, improving data accuracy and system performance.

MusicCPR ([Music CPR](#))

Web Developer

Harrisonburg, Virginia

Dec 2023 - May 2024

- Utilized Python, React, HTML, CSS, & Git in developing a website to enhance music education for underrepresented communities

ACTIVITIES & LEADERSHIP

Deloitte

DLAMP Apprentice

Rosslyn, Virginia

Mar 2024 – Present

- Actively collaborated with 20+ mentors to strengthen leadership & technical skills, driving success in a tech consulting environment
